5. Equality Monitoring Form

The GDC is committed to promoting and developing equality and diversity in all its work. We want to be sure that our policies and ways of working are fair to all individuals and groups, whatever their circumstances. To help us do this, we need to collect information so that we can have an accurate profile of our staff, members, registrants and other people that we deal with. This will also help us to meet our legal obligations under existing and new equality legislation. The information will be used to assess any potential or actual bias.

Therefore, we are asking you to complete this form. The questions are mostly modelled on the 2001 UK Census. You do not have to fill the form in, or you may choose to leave some sections blank, but having this information will help us to monitor diversity and equality in all aspects of our work. We will treat this information confidentially. We will only use it for statistical monitoring purposes and will only release information as anonymous statistics.

Thank you for taking the time to complete and return this form.
